2. SIGNIFICANT ACCOUNTING POLICIES

(A) BASIS OF PRESENTATION

These unaudited condensed interim consolidated financial statements ("financial statements") were prepared using the same accounting policies and methods as those used in the Corporation's consolidated financial statements for the year ended December 31, 2019. These financial statements have been prepared in compliance with IAS 34 — Interim Financial Reporting. Accordingly, certain disclosures normally included in annual financial statements prepared in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board ("IFRS") have been omitted or condensed. These financial statements should be read in conjunction with the Corporation's consolidated financial statements for the year ended December 31, 2019. These financial statements were approved and authorized for issuance by the Board of Directors of the Corporation on November 23, 2020.

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

The uncertainties around the outbreak of the novel coronavirus ("COVID-19") pandemic required the use of judgments and estimates which resulted in no material impacts for the period ended September 30, 2020. The impact of COVID-19 uncertainties could generate, in future reporting periods, a significant risk of material adjustment to the reported amounts of assets, liabilities, revenue and expenses in the financial statements. Examples of accounting estimates and judgments that may be impacted by the pandemic include: revenue recognition, impairment of goodwill and intangible assets, allowance for expected credit losses, corporate income taxes, provisions and contingent consideration related to acquisitions.

All dollar values of current and comparative figures in the financial statements and accompanying tables have been rounded to the nearest thousand (\$000), except when otherwise indicated.

(B) ADJUSTMENTS TO SEPTEMBER 30, 2019 COMPARATIVES

In connection with the completion of the annual consolidated financial statements for the year ended December 31, 2019, the Corporation identified certain immaterial errors in reported revenues and expenses for the three and nine months ended September 30, 2019 as compared to the amounts previously reported relating to the recognition of fair value discounts on acquired deferred revenue in the acquisition of CRG and the accounting for costs incurred to obtain contracts. The correction of these immaterial errors resulted in a reduction in revenues and an increase in net loss and deficit for the three and nine months ended September 30, 2019 of \$305 and \$407, respectively. In addition, certain immaterial items in the 2019 statement of cash flows were reclassified or amended. These differences are immaterial to each period and have been reflected in the underlying quarterly financial information in the applicable quarters in the 2019 comparative figures.

(C) FUNCTIONAL AND REPORTING CURRENCY

These financial statements are presented in US\$. The functional currency of the Corporation and each of the Corporations' controlled subsidiaries is US\$ with the exception of Corporate Renaissance Group, Inc. which uses Canadian dollars as its functional currency.

(D) BASIS OF CONSOLIDATION

The financial statements include the Corporation and its subsidiaries. Subsidiaries are entities that the Corporation has control and are fully consolidated from the date that control commences until the date that control ceases.

Intercompany balances and transactions, and unrealized gains arising from intercompany transactions are eliminated in preparing the financial statements.

On August 10, 2020, the Corporation successfully completed its debt consolidation initiatives pursuant to the terms of a loan agreement entered into between the Corporation, certain material subsidiaries of the Corporation, as guarantors, and a leading Canadian Schedule I Chartered Bank (the "Loan Agreement"). The Loan Agreement provides for a five-year term loan of \$16,133 (the "Term Loan") and a revolving operating line of credit of up to \$5,000 (the "Operating Line"), with all debts, liabilities, and obligations of the Corporation and guarantors under the Term Loan and Operating Line collaterally secured by a firstranking security interest in all of the present and future undertaking, property and assets of the Corporation and its material subsidiaries. The proceeds from the Term Loan were used to refinance and retire the existing debt obligations under the Note payable, existing Bank term loan and the Menlo acquisition note. Interest on the Term Loan is payable on a monthly basis, based on a price grid which ranges, depending on the Corporation's total senior debt to EBITDA ratio, from the Bank's prime rate plus 1.5%, to the Bank's prime rate plus 2.25%, with advances repayable in monthly instalments of principal plus interest with a final payment of any amounts then outstanding due at maturity. The loan contains standard compliance and ongoing debt service and coverage covenants. Loan arrangement costs of \$459 were capitalized and offset against the loan balance and \$7 were charged in the quarter. (ii) Operating line of credit

On October 12, 2018 Quisitive LLC entered into a two-year master purchase and sale agreement with a US Bank where trade receivables of Quisitive LLC are factored for interest and fees. 85% of the face value of factored receivables are advanced upon presentation of verified invoices, with the other 15% remitted back to Quisitive LLC, net of interest and fees upon payment by the end customer. The \$2,500 facility bears administrative expenses and an advance fee calculated as interest upon the daily net outstanding balance at LIBOR Daily Floating Rate plus 7% and will have additional service costs of 0.4% on outstanding invoices. Other facility fees, including shortfall and chargeback fees, among other fees apply. The facility is secured by a general security agreement over all of the assets of Quisitive LLC. All transaction costs have been expensed as they are not material. The Corporation closed the operating line of credit in the third quarter and, as of September 30, 2020 the balance outstanding was \$0 (December 31, 2019 \$1,841). Interest was payable monthly, and the principal was due September 25, 2020. There was a basic fixed charge coverage ratio covenant of at least 1.20 to 1.00 that was to be calculated on a trailing 12-month basis quarterly among other non-financial covenants that Quisitive LLC was required to meet. The security on the term loan was a general security agreement creating a first ranking security interest in all the present and future tangible and intangible personal property of CRG, including a second ranking share pledge agreement in which the Corporation pledged 100% of its shares in CRG. Purchase price note

In connection with the closing of the acquisition of CRG, the Corporation issued \$4,967 (\$6,500 CAD) purchase price notes to the vendors which were held directly or indirectly by Companies affiliated with a Director of the Corporation. Interest on the notes is payable at a rate of 10% per annum compounded on an annual basis and payable semi-annually and was secured by a pledge over the shares of CRG acquired. For the three and nine months ended September 30, 2020, the Corporation incurred \$72 and \$310 in interest relating to the notes (September 30, 2019 — \$123 and \$164). (vii) Menlo convertible note

In connection with the acquisition of Menlo, the Corporation entered into a convertible note agreement totaling \$5,000 in principal and recorded at the cumulative fair value of the debt and conversion option components of the note totalling \$7,350 with the former owners of Menlo. The notes were unsecured and convertible into common shares of the Corporation at \$0.20 CAD per share. The notes bore interest at 10% per annum compounded on an annual basis, payable annually for a term of 36 months.

The principal value of the debt of \$5,000 was recorded at fair value of \$4,308 on acquisition, and accretion expense and interest expense of \$1 and \$325 was recorded for three and nine months ended September 30, 2020 (September 30, 2019 — nil). The conversion feature was determined to be a derivative investment liability and the fair value of the derivative of \$3,036 was recorded on January 1, 2020. The change in fair value for the three and nine months ended September 30, 2020 of \$(25) and \$8,430 was recorded as a charge to the income statement. (viii) US payroll protection plan loans

On May 1, 2020, Quisitive LLC and Menlo Technologies, Inc. entered into two separate loan arrangements with Bank of America and Cross River Bank (the "Lenders"), respectively, to obtain unsecured loans for \$1,682 and \$1,247, respectively totaling \$2,929 (the "Loans") made under the United States Paycheck Protection Program (the "PPP"). The PPP is a program organized by the U.S. Small Business Administration established under the recently-enacted Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The Loans mature on April 30, 2022 and bear interest at a fixed rate of 1.0% per annum. Interest payments are deferred for the first six months.

The effective interest rate used to measure the fair value of the loan is 5% and the benefit of the interest rate concession is accounted for as a grant as it provides economic benefits to the Corporation over the term of the loan. The difference between the face value of the loans of \$2,929 and the discounted value of \$2,658 have been bifurcated from the loan and are recorded as deferred grant income. For the three and nine months ended September 30, 2020, \$34 and \$57 of grant income has been recognized and \$34 and \$57 of accretion has been recorded in interest expense relating to the liability.

The loans contain a forgiveness mechanism that provide that the loans will be forgiven in their entirety provided that the proceeds from the Loans are used by the Corporation to cover payroll costs, rent and utilities during the eight-week period following the Loan origination dates.

The Corporation is monitoring developments as federal authorities continue to update relevant policies and guidelines regarding the PPP, including some that have retroactive effect, and assessing any changes in the Corporation's subsidiaries eligibility for the PPP or any other subsidies or support mechanisms under the CARES Act.
